## FATAL GAS EXPLOSION

FIVE MEN KILLED AND TWO INJURED IN AN INDIAN TERRITORY MINE.

CAUSE NOT ASCERTAINED

Seventy-five Men Were in the Mine at the Time of the Accident, and All Escaped but the Seven in the Chamber Where the Explosion Occurred. Schooner Margaret L. Ward Rammed and Sunk Off Galveston Bar.

South McAlester, I. T., April 14.—Five men were killed and two severely burned by a gas explosion in Mine 77 of the Kansas and Texas coal company at Carbonite.

The dead are: Floyd Oder, George Teek, Frank McMullin, Jerry Kincaid and O. A. Fields.

Robert McCrany and Ben Hamilton were injured.

The cause of the explosion is unknown. Seventy-five men were in the mine but all escaped injury except the seven who were working in the chamber where the explosion occurred. All of the dead miners, except McMullin, had families.

## SCHOONER WARD SUNK.

Two Children and One Seaman of the Vessel Drown.

Galveston, Tex., April 14.—The schooner Margaret L. Ward was rammed and sunk by the Southern Pacific steamer El Rio, twenty-eight miles east of Galveston bar.

Two children of Captain McKown of the schooner were lost, and one seaman of the same vessel.

According to Captain McKown all his lights were burning brightly and every possible signal made to avert the collision, but the big steamer bore straight down upon the doomed vessel, cutting her in two and sending her to the bottom immediately.

From accounts of the collision given by the engineer, Clark, and Chief Mate E. J. Ingalls, it was about thirty seconds from the time of the collision until the Ward sank.

The captain's family were asleep in the cabin. The mate saw the steamer and started to ring the bells. The whole crew turned out; all bells were ringing, the winch whistle was blowing, all hands on deck were shouting, and both anchorage lights were showing when the El Rio struck the schooner, carrying away her aft gangway and wheel box, and cutting into the cabin.

All hands took to the rigging. Captain McKown had his son in his arms, but was struck with something in getting into the rigging, lost consciousness and the little fellow slipped into the sea. Mrs. McKown gave the little girl to one of the sailors, who was lost in trying to save her.

Mrs. McKown suffered greatly from exposure in the cold water and when she learned of the loss of her children was completely prostrated with grief.

The revenue cutter Galveston has left for the scene of the disaster to investigate it and, if possible, recover the bodies of the lost.

## FOUR PEOPLE INJURED.

Passenger Train on Baltimore and Ohio Road Is Wrecked.

Mansfield, O., April 14.—The east-bound limited on the Baltimore and Ohio railway was wrecked at Dillon's Crossing, a few miles north of this city. The heavy rains had undermined the tracks where there was a culvert.

The injured are: Mrs. H. S. Straley and infant child, Mrs. Mary Stanley and Frank C. Miller. None of them is seriously hurt.

The day coach and the Pullman were thrown on their sides. In the day coach were about twenty passengers, some of whom were thrown into the water.

## PASSENGERS INJURED.

Pittsburg Trolley Car Struck by a Freight Train.

Pittsburg, April 14.—A trolley car of the Pittsburg Railway company was struck by a Baltimore and Ohio freight train at the Fleet street grade crossing in Rankin borough and the sixteen passengers aboard the car were all more or less injured. Two of the passengers were seriously hurt. The car was dragged thirty yards and completely wrecked. The traction company officials say that on account of slippery rails the car could not be checked at the safety stop.

## TWO TRAINMEN KILLED.

Passenger Train Ditched by Striking a Rock on the Track.

Charlotte, N. C., April 14.—The Southern Railway's southbound fast mail, known as No. 97, was ditched near Lexington, N. C., by striking a rock on the track. The engineer and fireman are reported killed.

## STEAMERS ON THE ROCKS.

Terrific Wind Sweeps Down the Mississippi Valley.

La Crosse, Wis., April 14.—The steamers Glenmont and Van Sant were hurled on the rocks at night by a terrific wind which swept down the Mississippi valley. A raft, containing more than 1,000 logs and attached to the Glenmont, went to pieces. No one was injured.

## VESSELS NOW FREE.

Had Been Imprisoned in the Ice for Three Months.

Gloucester, Mass., April 14.—Word has been received here that the Gloucester vessels which have been imprisoned in the ice at Bay of Islands, Newfoundland, for the past three months, are now free and on their way to this port.

## Train Robber Sentenced.

Butte, Mont., April 14.—George Hoard, alias Joe Kirby, convicted of taking part in the hold-up of the Burlington express near Homestake, was sentenced to thirty years in the penitentiary.

## TURNS DOWN PROPOSITION.

Northern Pacific Refuses to Grant Concessions to Employees.

St. Paul, April 14.—The Northern Pacific officials have turned down our proposition, and unless the company recedes from its position there will be no settlement between the road and the men."

So said A. B. Garretson, assistant grand chief of the Order of Railway Conductors and a member of the committee of trainmen, who have been trying to effect a settlement of the wage and labor question relative to the Northern Pacific road.

"No, there is no contention over the wage question. The hitch in the negotiations was caused by our demand for the same concessions granted to the men of other roads, regarding double-headers and helper service on certain divisions of the road. These concessions were denied us."

From other sources it was learned that unless the company accepts the trainmen's offer there is every likelihood of a serious break, resulting in a strike of the conductors, brakemen and other trainmen. If the committee's sessions close without an agreement being reached, a poll of the men on the strike question will at once be taken.

## PRaising OF JEFFERSON

SENATOR HOAR AND MR. BRYAN SPEAK AT A DINNER IN WASHINGTON.

## NOT A POLITICAL AFFAIR

Orators Confine Their Remarks to Eulogy of Thomas Jefferson—Former Postmaster General Charles Emory Smith and Governor Montague of Virginia Also Deliver Addresses. Hill Speaks at Albany, N. Y.

Washington, April 14.—W. J. Bryan, Senator Hoar, Governor Montague of Virginia and Former Postmaster General Charles Emory Smith were the principal speakers at a dinner given at the Hotel Barton under the auspices of the Thomas Jefferson Memorial association in celebration of the 160th anniversary of the birth of Thomas Jefferson. The marine band played a march entitled "The Thomas Jefferson March." H. B. F. MacFarland, president of the district commissioners, presided, and Thomas Mason Page was toastmaster. The dinner was not of a political character.

The speakers one and all spoke in eulogy of Jefferson.

Senator Hoar responded to the toast "The Author of the Declaration of Independence." He spoke in part as follows:

"If we want a sure proof of Thomas Jefferson's greatness it will be found in the fact that men of every variety of political opinion, however far asunder, find confirmation of their doctrine in him. Every party in this country today reckons Jefferson as its patron saint."

Charles Emory Smith responded to "The Louisiana Purchase."

Mr. Bryan addressed himself to "A Statue for Religious Freedom." He concluded:

"Jefferson was the greatest statesman known to history. He believed in the rights of the people and had a heart large enough to take in all human kind. He hated tyranny, whether it manifested itself in religious or secular affairs, and applied his doctrine to all questions."

Prior to the banquet the board of governors met and practically decided that the proposed memorial to Jefferson to be erected in this city shall take the form of a building.

DAVID B. HILL SPEAKS.

Principal Orator at Democratic Editorial Association Banquet.

Albany, N. Y., April 14.—One hundred representative members of the Democratic press of New York sat down at the banquet of the State Democratic Editorial association in celebration of the birthday of Thomas Jefferson. Former United States Senator David B. Hill was one of the speakers. "The Empire State Democracy" came in for his attention. He attacked the prominent policies of the present Republican administration in this state, especially assailing the various measures adopted to secure the abolition of direct taxation for state purposes. These he characterized as measures designed to cover up a deficit in the state treasury to which, he said, he had himself called attention last year. The excise increase law, Mr. Hill denounced as purely partisan legislation, designed to punish large Democratic cities, especially New York, for holding to the principles of the Democratic party.

He ridiculed the policies of President Roosevelt as vacillating and unduly tender of the great monopolies and said the whole Republican administra-

tion was clamoring for delay in dealing with the trust question. His final plea was for Democratic harmony, which, he declared, would assure victory for the party.

## GUARD HARBOR FRONT,

Police on Duty to Prevent Outbreak by Strikers at Buffalo.

Buffalo, N. Y., April 14.—Police were stationed along Buffalo's harbor front at night to prevent serious outbreaks on the part of the striking firemen and oilers and their sympathizers. In addition to the raid on the William S. Mack early in the day, when four non-union firemen were forcibly removed from the vessel and held prisoners until released by the police, two men were assaulted in Court street in the evening and a riot was narrowly averted at the foot of Erie street late in the afternoon.

Firemen and oilers are being imported from the seaboard in large numbers and serious trouble may occur when the boats carrying nonunion men arrive from Chicago.

An effort is being made to bring about a settlement of the strike, but the men and the Lake Carriers' association are so far apart in their views that there is little hope of success.

## ABNER TAYLOR IS DEAD.

Former Congressman From Illinois Expires in Washington.

Washington, April 14.—Former Congressman Abner Taylor of Chicago died here, aged seventy-four years. He had been ill for several weeks with a complication of diseases.

Mr. Taylor was a native of Maine. Previous to his election to congress he had been in active business all his life as contractor, builder and merchant. He served several terms in congress from the First district of Illinois.

Mr. Taylor served in the Fifty-first and Fifty-second congresses. At one time he was reputed to be wealthy, but it is believed he lost a considerable part of his fortune. He had made this his home for several years.

## BIG PACKING COMBINE.

No Attempt to Perfect It Until Securities Case is Disposed Of.

St. Paul, April 14.—A special to the Globe from New York says:

According to interests in close touch with the National Packing company no attempt will be made to perfect the big packing combine until the Northern Securities case is disposed of. A prominent corporation lawyer stated that on the final decision in the Northern Securities case rested the future of the packing combine. It was not likely, he said, that the combine would go ahead with its plans until assurances were received that all legal obstacles had been removed.

## OPINION OF J. J. HILL.

Adverse Decision Would Not Change Control of Stock.

New York, April 14.—President James J. Hill of the Northern Securities company, said during the day:

"We will have our appeal papers ready in a day or two. We expect to win. But even though the United States supreme court should compel the Northern Securities company to give back the stock to the Great Northern and the Northern Pacific companies, the control would still be the same."

## DUBUQUE TO DAVENPORT.

New Line to Be Built by Company Just Incorporated.

Springfield, Ill., April 14.—Articles of incorporation have been filed in the offices of the county recorders of Macoupin and Morgan counties, of the Iowa, Illinois and Missouri Railroad company, principal office, Rock Island; capital stock, \$100,000.

It is proposed to build the line from Dubuque to Davenport, Ia., and through Rock Island, Monmouth, Macomb, Rushville and Jacksonville, to St. Louis. A branch road is to be built from a point in McDonough county to a point on the Mississippi river opposite Burlington, Ia.; another branch from point in Mercer county to Muscatine, and another line from a point in Schuyler county to a point near Keokuk, Ia.

## DOES IMMENSE DAMAGE.

Another Disastrous Storm Sweeps Over Indiana.

Indianapolis, April 14.—Another disastrous storm swept Indiana. At Bloomfield, Greenville, Tally was carried away with his horse and buggy on account of the sudden rise of Richland creek. At Washington four inches of water fell. The lightning did great damage to barns and stock. In Jay county the damage by lightning also was heavy, a dozen houses and barns being burned.

## TO LOOK FOR EAGAN'S BODY.

Searching Party Being Organized by Missing Man's Brother.

Columbia Falls, Mont., April 14.—A. H. Eagan, superintendent of the Illinois Central, has arrived here and is organizing a party to go into the mountains and search for the remains of his brother, Benjamin Eagan, former superintendent of the Great Northern, who is believed to have perished in the region about Belton, while hunting deer last December.

## SAVED THE FOREIGNERS.

Quick Action of American Naval Officer Averts Calamity.

Washington, April 14.—Quick action and common sense treatment of a critical situation by an American naval officer in China recently saved the foreign residents in the province of Kwoi Tung along the east bank of the Canton river from falling victims to a plot which, while directed primarily against the Manchurian dynasty, inevitably would have culminated in an attack on the foreign population. While this attack was averted by the precautionary measures taken by Commissioner F. J. Drake, commanding the Monterey, with the assistance of the Montereys, the English gunboats Sand Piper and Britomac, the French gunboat Avalanche and the German gunboat Shamer.

## FAKE LOTTERY TICKETS.

Washington, April 14.—The Mexican ambassador has informed the state department that tickets are being sold in this country for a lottery said to be located in San Luis Potosi, Mexico, where the ambassador says there is no lottery existing.

In the doorway into the parlor hung a great Northwestern telephone bell from which fell yellow ribbons to be pulled by the players at the head table at the close of each game. In the center of each table was a green nest filled with eggs on which a couple of chickens were saucily perched. The tally cards represented little yellow chickens with bells about their necks. Six were handsome pieces of cut glass. After hand eucrhe was played and the prizes given a light supper was served and the Easter colors, white, green and yellow were carried out in the ices and confections. #### TROLLEY LINE COMBINE.

Attempt Being Made to Merge Electric Railways.

New York, April 14.—A committee of the directors of the electric street railways in Jersey City, Hoboken, Passaic, Paterson, Newark, the Oranges, Elizabeth and Bergen Point, all in New Jersey, adopted a proposition to merge all those systems under one company and to include the United Electric company of New Jersey. The proposed new system would control 500 miles of trolley lines.

The offer was made by the Fidelity Trust company to organize a corporation with a capital stock of \$25,000,000, of which \$10,000,000 should be issued at once at par for cash and be underwritten by the Fidelity company.

It is proposed to include besides the United Electric company, these companies: New Jersey Street Railway company, Jersey City, Hoboken and Paterson Street Railway, Elizabeth and Plainfield company, and to acquire by lease the Essex and Hudson Gas company, Hudson County Gas company, Paterson and Passaic Gas and Electric company, and the South Jersey Gas, Electric and Traction company.

The vote to accept the offer was unanimous. The question will now be submitted to the stockholders of the various companies to be merged.

Owing to the fact that Master Archie Roosevelt has the measles, the usual gathering of the cabinet children and other small friends at the White House for the egg-rolling was omitted.

### HUNTING CAMP IS

### BOLDLY LOOTED

Something Like \$250 Worth of Guns, Blankets, Etc., Stolen from J. C. Wood.

### NO TRACE OF STUFF IS FOUND

Although a Desperate Effort Has Been Made to do so by the Authorities.

The authorities have been working for some time to unravel a small sized mystery connected with a bold burglary and theft at the hunting camp of Hon. J. C. Wood, of St. Paul, the camp having been looted it is thought about April 1.

It is one of the most complicated and intricate cases that the authorities have had to deal with for some, although it is believed that some one with a thorough knowledge of the place perpetrated the crime.

As soon as the theft of something like \$250 or \$300 worth of blankets, guns, etc., was reported to Deputy Game Warden Saunders and J. M. Elder of this city, they set about in a systematic manner to locate the guilty parties. They got a clue of what they thought was the right location of the stuff stolen.

The men who were thought to have stolen the property were seen checking a box of stuff to St. Paul and after securing the numbers of the checks Mr. Elder wired Mr. Wood in St. Paul to have the box seized.

The box was opened at St. Paul but it was found that the wrong tip had been given as the stuff which the box contained did not belong to Mr. Wood.

Mr. Wood came up from St. Paul yesterday, it being thought that a trace of the stolen articles had been found here. The box containing the articles had been traced to Brainerd and the drayman who took them from the depot was also found. He told of having taken them down to one of the sporting houses. This proved to be true and search warrants were secured yesterday afternoon but the stuff had been removed from the house referred to, and there is where the thread of evidence was broken. Try as best they could no clue could be found to lead to the identity of the man or men who took the box away from this particular house.

Mr. Wood returned to St. Paul last night, having decided that it would be futile for him to remain here longer. J. M. Elder has offered a reward of \$100 for the return of the guns and blankets and for evidence sufficient to convict the guilty parties.

## CHIEF SARGENT STOLE A MARCH

His Marriage to Miss Elma Feie-Rabend, of St. Paul, Quietly Solemnized.

## AT RESIDENCE OF FATHER LYNCH

Bride is Charming Young Lady and the Groom is Popular in This City.

If Chief of Police George Sargent ever proves as cunning in unwinding the intricacies of crime committed within his jurisdiction, as he has been in the matter of bringing to a focus his matrimonial affairs before handing it out to the public, his success will equal that of any of the sleuths of the old school.

He has certainly stolen the march on most of his friends in the city this time and the announcement of his marriage yesterday afternoon to Miss Elma Feie-Rabend at the residence of Rev. Father D. W. Lynch at 4 o'clock was a great surprise to all.

No one had the slightest intimation of his approaching wedding when he met his intended at the train yesterday noon and even last night after it was all over he acted as official caller at the dance given by Hose Company No. 2 just to make it good and strong.

The bride is a charming young lady from St. Paul with whom the groom has been acquainted for some time. Chief Sargent is popular and well known in this city and

has scores of friends who will join in wishing him and his bride a full measure of happiness through life.

They went to housekeeping at once at 813, Third street south.

### A VERY PLEASANT EVENT.

Some Eighty or Ninety Couple Guests of Ascalon Commandery, Knights Templar, Last Night.

The regular annual Easter dancing party given by Ascalon Commandery, K. T., at Masonic temple last night, proved a most delightful affair socially and the eighty or ninety couple enjoyed the mazy whirl of the dance until a late hour.

Graham's full orchestra furnished the music for the occasion and the party was in its entirety considered the most brilliant of the season.

Sheriff Ole Erickson left this afternoon for Owatonna with Roy, Ray and Jay Stevens, sons of Frank Stevens, and they will be placed in the state training school at that place as per an order issued by Judge McClenahan a few days ago.

Stevens has been a scavenger in this city for some time. Complaint was made some time ago charging him with nonsupport of the boys and having received the tip to this effect he skipped out.

John Asher has Opened a Swell Cigar, Tobacco and Candy Store at 414 Front Street.

John Asher has just opened a cigar, tobacco and candy store at 414 Front street and there is not the slightest doubt in the world but that it is the swellest place in the city by all odds. The brick building which was occupied at one time by the Salvation Army has been converted into a first-class structure up stairs and downstairs and the store room proper is a paradise of beauty, with elegant new fixtures, exquisite hardware casements and steel ceiling.

Mr. Asher has placed in the store a stock of as fine a line of cigars and tobaccos as can be found in the city. It is a first-class place in every particular and Mr. Asher will always aim to treat his patrons with the courtesy which becomes a business man of tact and ability.

### CORRECTED LIST OF JURORS FOR MAY

A Mistake was Made in Referring to Matter in Commissioner's Proceedings.

### DRAWN IN THE REGULAR WAY.

Clerk of District Court Always Has 144 Names from Which to Draw Jurors.

In publishing the official proceedings of the county commissioners of the last meeting a mistake was made in referring to the names given in stating that they were the gentlemen who would serve as jurors at the May term of the district court.

The lists as published in the proceedings, grand and petit, were to replace the names of jurors drawn at the February term of the district court, and are not the men to serve at the May term.

Considerable confusion has been occasioned in the office of Clerk of Court Johnston on this account, and for the information of those interested it might be explained just how jurors are drawn.

At the first regular meeting of the county commissioners in January 144 names are drawn to serve on the grand and petit juries, seventy-two for the grand and seventy-two for the petit.

At the next regular meeting after a term of court is held the names of jurors, twenty-three grand and twenty-four petit, are drawn to replace those taken from the 144 names previously drawn to serve at the preceding term of court. This was what the commissioners did at the last meeting. Judge McClenahan has just issued the usual order to the clerk of court to draw the jurors and this Clerk of Court Johnston has done, the following being the correct list to serve at the May term:

Grand	Petit
George Madland	G. R. Withersell
Thomas Harris	P. G. Fogelstrom
Nels Westerburg	Frank Brandt
John Fahey	P. C. Clegg
W. W. Hutchins	L. E. Turner
Andrew Nelson	John Britton
L. W. Burrell	Fred S. Parker
John W. Sturgeon	A. C. Samson
Robert Sturgeon	Frank Nelson
John Francis	John A. Cochran
Torger Peterson	Ole Brackner

### THE GAME KEEPER.

"The Gamekeeper," an Irish comedy-drama new to us, will be seen at the Brainerd theatre for one performance only, next Saturday evening, April 18. The Salt Lake Herald of Feb. 20th, says of this play:

"The Gamekeeper," an Irish comedy-drama with a cast that includes a number of entirely acceptable performers, opened an engagement last night at the Grand. The star, Thos. J. Smith, who, as Derry Doolan and Dennis Brady, doubled, had the name part, was not very well known in Salt Lake before last night, but he made a great many friends, and he will make a great many more before the engagement is concluded. Mr. Smith is a rarity. He can sing and he can act.

"A more natural representation has not been seen at the Grand, this season. He doesn't overdo the character, either, for his brogue is rich to just the right degree of opulence.

"The action of the piece hinges on the efforts of an adventurer, Hubert Boyle (Del C. Seldon) to gain possession of the estate of Owen O'Neill, which has been left in charge of the gamekeeper. Boyle also plots to kill several people, but the gamekeeper happily foils him in the end and weds the rightful heiress himself.

"Clever specialties are introduced in the play at appropriate intervals".

## GIVES OUT STATEMENT

POSTMASTER GENERAL PAYNE  
SAYS INVESTIGATION WILL  
CONTINUE.

## GUILTY TO BE PUNISHED

But No Arbitrary Action Will Be Taken and Undue Haste Will Be Avoided—No Immediate Changes of Importance in Personnel of the Service to Be Made Unless Developments Warrant Them.

Washington, April 14.—Postmaster General Payne has given out a statement in which he announced that the investigation of the postoffice department will be continued and that the parties found guilty of wrongdoing will be summarily dealt with.

The whole administration of the postoffice department is made subject to the new investigation under the postmaster general's direction and every inquiry will be made as thorough as the department's most expert inspectors can make it. At the same time Mr. Payne's purpose is to give fair and just treatment to all concerned, and not to act arbitrarily and with undue haste. For this reason, it can be stated that no immediate changes of importance in the personnel of the service are now contemplated and changes will depend largely on the report to be made by Fourth Assistant Postmaster General Boston on the investigation, although developments meantime may necessitate some deviation from this policy.

The office of the assistant attorney general for the postoffice department is among the bureaus included in the general inquiry and until the investigation of affairs is completed it is probable that no successor to Assistant Attorney General Tyner will be named.

It is learned that it will be several weeks before the postoffice inspectors will be able to complete their work. When they shall have finished, Fourth Assistant Postmaster General Bristow will prepare a comprehensive report, which will explain why publicity was not given to the matter before.

## NEW YORK INVESTIGATION.

No Arrests Yet Made in Connection With Alleged Syndicate.

New York, April 14.—No arrests have yet been made as a result of the investigation, said to be in progress, of the charges that an alleged promotion syndicate had been operating to secure payment from employees of the New York postoffice for increase in salaries.

Postmaster Vancott said that he had heard nothing official from Washington as yet concerning the alleged postoffice scandals. He is still loth, he said, to believe that any such alleged syndicate could operate in the New York postoffice without his knowledge and he can see by what argument the men were induced to part with their money, if such were really the case.

## EXTENSIVE FRAUDS.

Superintendent of Public Works Arrested in Porto Rico.

San Juan, Porto Rico, April 14.—The federal court has opened the hearings of the so-called smuggling cases, in which Lieutenant Commander G. W. Mentz, U. S. N. and Supervisor of Elections Benjamin Butler are involved, will not be held this term.

Governor Hunt has ordered the insular police to take possession of Mayaguez and supplant the municipal police at noon, April 15, for the greater security of the interests of good government. Extensive frauds in the expenditure of the Mayaguez \$200,000 loan have been discovered. Superintendent of Public Works Baez was arrested at Mayaguez April 8 charged with frauds amounting to between \$10,000 and \$20,000. The insular officials are continuing the investigation into the municipal frauds and it is believed that six other officials will be arrested when the insular police have been installed.

## STRIKE OF DREDGEMEN.

Brings Out Fact That Great Lakes Firms Are Banded Together.

Chicago, April 14.—The strike of 600 Chicago dredgemen, which was declared Monday, brought out the fact that all the Great Lakes dredging firms are banded together in the Great Lakes Dredge and Dock Companies Protective association. The strike was declared against Chicago contractors because of an effort to cut the wages of men on out-of-town contracts 25 per cent below the Chicago scale. It now threatens to spread all over the Great Lakes, involving all the big firms comprising the protective association.

Anticipating serious trouble, members of the executive committee of the contractors' association hastened to Chicago from Duluth, Buffalo and other points to hold a conference, but late at night no overtures had been made to the strikers concerning a settlement of the strike, which has already tied up nearly \$4,000,000 worth of work in progress at many points on Lake Michigan, including Chicago.

## SUSPECT POISONING CASE.

Omaha Police Looking for the Body of a Missing Woman.

Omaha, April 14.—The police are looking for Frank E. Knight, whose wife, they believe, was poisoned and then buried secretly. Mrs. Lucy Stiles and her son, Malvin Dusenberry, are under arrest in connection with the alleged crime. Knight has been traced westward to North Platte, and is believed to be making his way to Wyoming, where lives Jeanie Dusenberry with whom he is alleged to have been in clandestine correspondence.

Last week Mrs. Knight disappeared suddenly and neighbors asked the police to make an investigation. Her husband, it is said, told the woman had gone to South Omaha to prepare a home to which they would move shortly. Knight being employed in a packinghouse there. Further investigation showed that Mrs. Knight had not gone to South Omaha. It was also learned that Knight had borrowed from Dusenberry a wagon and horse late Saturday night which he used to convey something from his home in this city. The police allege that he had buried away the body of his wife.

The police have secured possession of a letter written by Knight from Columbus, Neb., to Mrs. Stiles, containing a sentence which the police believe refers to Mrs. Knight's being poisoned. The police are now making a thorough search for the body of Mrs. Knight.
